 - |
 - SQL and Database Systems
 - |
 - Linux Fundamentals
3. **Cisco Networking Academy** **June 2025**
 - Introduction to CyberSecurity

WHO AM I:

I started my professional journey at the age of 17, and these were my strong communication skills that helped me enter the working environment early. I have always been driven to do more, fly higher and have that thirst of learning that is beyond explanation. I am looking for such a working environment that would let me grow technically.

----- Thank You -----
